A Note from the Director

This production has been a journey. To take a break from a world that seems uncertain and sometimes scary in the unknowns and get to go back to a time of bright colors and big hair has been refreshing. I am honored to be directing another show for OCTC. I could not have worked with a more patient, flexible, hard-working cast and crew. Figuring out how to put together one show divided between three stages in parking lots has taken so many amazing people who have spent weeks of their lives to make this production happen. There are not enough thank you's that would suffice.

Being a part of Owasso Community Theatre Company for the last several years has been a great experience. Thank you to the audience for putting faith in us as we present our 1st Annual Drive Thru production. Enjoy the show as we go back to a time before COVID – Back to the 80's!

PS. A special thank you to my amazing husband who is always right beside me as I take him on some crazy, stressful, but always fun adventures that he never even imagined. I love you.

Brandy Peoples
